Reviewers:

Doctor of Medicine, professor, Head of the Department of Microbiology,
Virology and Immunology, Medical University of Kharkov **V.V. Minuhin;**

Head of department, Doctor of Higher category **I.P. Vysekantsev.**

*Approved to the print by the decision of Scientific Council V.N. Karazin Kharkiv National University
(protocol № 11 from 25.11.2013)*

M 46 **Medical microbiology. Morphology and physiology of microorganisms. Infection. Immunity : A Textbook for Practice.** – 2-nd ed. / Popov N.N., Malanchuk S.G., Sanina E.S., Ognivenko E.V., Grechishkina J.O., Lyadova T.I., Volobueva O.V. – Kharkiv : V.N. Karazin Kharkiv National University, 2014. – 78 p.

In this textbook we have attempted to meet the need for condensed and readily accessible information about bacteria as agents of human disease. Book describes bacteria structure, metabolism, culture media, staining techniques, sterilization principles. We hope that this book will provide useful information for all health-care professionals, in particular practicing physicians, medical and nursing students, interns and residents.

The pictures and schemes will hopefully entertain as well as provide a helpful visual image of some salient points.

Contents

Preface	4
TOPIC 1. Organization bacteriological laboratory. Dyes and dyeing techniques. Microscopy.....	5
TOPIC 2. Painting of bacteria using Gram staining and other kinds of differential stains.....	10
TOPIC 3. Morphology and structure of bacteria.....	15
TOPIC 4. Morphology and structure of spirochaete, actinomycetes, fungi and protozoa.....	20
TOPIC 5. Nutrient media for culturing microorganisms. Sterilization.....	28
TOPIC 6. Growth and reproduction of microorganisms.....	38
TOPIC 7. Isolation of pure cultures.....	40
TOPIC 8. Microorganisms' pure cultures identification.....	42
TOPIC 9. The Principles of Antibiotic Therapy.....	49
TOPIC 10. Factors of nonspecific defense against microorganisms Innate (non-specific) immunity.....	56
TOPIC 11 - 13. Serology.....	66
TOPIC 14. Vaccines and immunization.....	73
Inference	74
Questions for self-control	75
REFERENCES	77
